

Donor Memorial Quilt Display

Monday, April 26th, 2010

Ephraim McDowell Regional Medical Center Lobby

10:00 a.m. – 2:00 p.m.

This is your chance to view the Donor Family Memorial Quilt while also having the opportunity to learn more about organ and tissue donation and transplantation.

Kentucky has joined 43 other states in the United States in building a database of registered organ and tissue donors.

If you have already signed your driver's license, this is the next step to being an organ donor! Take a moment to ask questions, learn and make this life saving decision.

Please bring your drivers license with you to register on Kentucky's Organ Donor Registry.
